

The European Network of Excellence 'Safety of Hydrogen as an Energy Carrier' (NoE HySafe)
invites you to attend
The Work in Progress Workshop for Young Researchers in Hydrogen Safety
on
10 September 2007
at
INASMET-Tecnalia, Paseo Mikeletegi 2, E-20009 San Sebastián, Spain

WORK IN PROGRESS WORKSHOP FOR YOUNG RESEARCHERS IN HYDROGEN SAFETY

The Work in Progress Workshop for Young Researchers in Hydrogen Safety is organised by the eAcademy of Hydrogen Safety (www.hysafe.org/eAcademy). Its purpose is to provide an opportunity for young researchers to meet and discuss with peers and leading scientists in the area. Young researchers are given the opportunity to present their work before an audience consisting of researchers, representatives of projects involving hydrogen, industry, educational institutions, legislative bodies, fire- and rescue brigades, etc. This Workshop will be held on the 10th of September 2007; one day before the start of the Second International Conference on Hydrogen Safety (ICHS). Those giving a presentation at the Work in Progress Session, and, who additionally would like to present a poster at the ICHS should indicate this to the organisers by ticking "Presenting a poster at the ICHS" in the registration information.

ARE THERE FEES FOR ATTENDING THE WORKSHOP?

There are no fees for attending the workshop: attendance is free. The places on the workshop, however, are limited and available on a 'first come, first served basis'. Those who attend the dinner will settle the costs on their own expenses.

VENUE

The Workshop on Hydrogen Safety for Young Researchers will be held at INASMET-Tecnalia, Paseo Mikeletegi 2, E-20009 San Sebastián, Spain, Phone number: 34-943-003678, Fax number: 34-943-003800, www.inasmet.es. More information about the venue and how to get there is available on the next pages.

ACCOMMODATION

Information about accommodation and hotel reservations is available at www.hysafe.org/conference.

PROGRAMME WORK IN PROGRESS WORKSHOP

The provisional programme of the Work in Progress Session on Hydrogen Safety is as follows.

13:45-14:00	Opening
14:00-14:50	Presentations by Young Researchers
14:50-15:00	Break
15:00-15:50	Presentations by Young Researchers
15:50-16:00	Break
16:00-16:30	Presentations by Young Researchers
16:30-17:00	Round Table Discussion
20:00-22:00	Dinner

ABOUT THE ICHS

The EU-funded NoE HySafe, under the auspices of the IPHE, is currently organizing the Second International Conference on Hydrogen Safety (ICHS) from 11-13 September 2007 in San Sebastian, Spain. The network is organizing this event in collaboration with principal EU and international projects on hydrogen safety and focuses the conference on safety issues relevant to the improvement and coordination of knowledge and understanding of hydrogen safety. ICHS aims at providing a basis for eliminating safety-related barriers to the implementation of hydrogen as an energy carrier and as such, will also contribute to promoting public awareness and trust in hydrogen technology by providing a basis for communicating the risks associated with hydrogen. More info at: www.hysafe.org/conference

REGISTRATION INFORMATION

Title-Surname: _____
First Name (s): _____
Organization: _____
Address: _____
Postcode-Zip: _____
Country: _____
Telephone-Fax: _____
E-Mail: _____

By completing this part we understand that you will be*:

- Delivering a presentation
- Member of the Round Table Panel
- Member of the audience
- Taking part in the dinner

* Please tick one or more as appropriate

GIVING A PRESENTATION?

Please inform us of the title of your presentation:

- Presenting a poster at the ICHS

Venue and Transfers

Venue:

INASMET-Tecnalia
Paseo Mikeletegi, 2
E-20009 San Sebastián
Phone number: 34-943-003678
Fax number: 34-943-003800
www.inasmet.es

Contact us:

- Energy Unit Director - Mr. Iñaki Azkarate- iazkara@inasmet.es
- Energy Unit - Miss Estíbaliz Ezponda - eezponda@inasmet.es

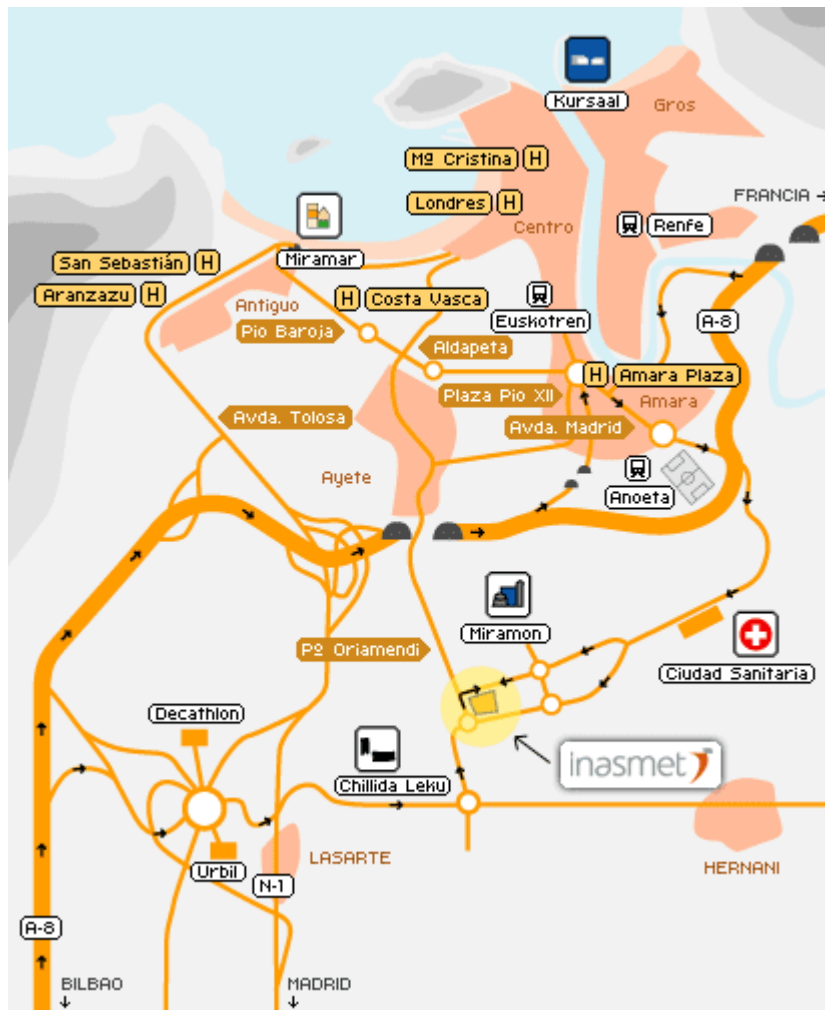

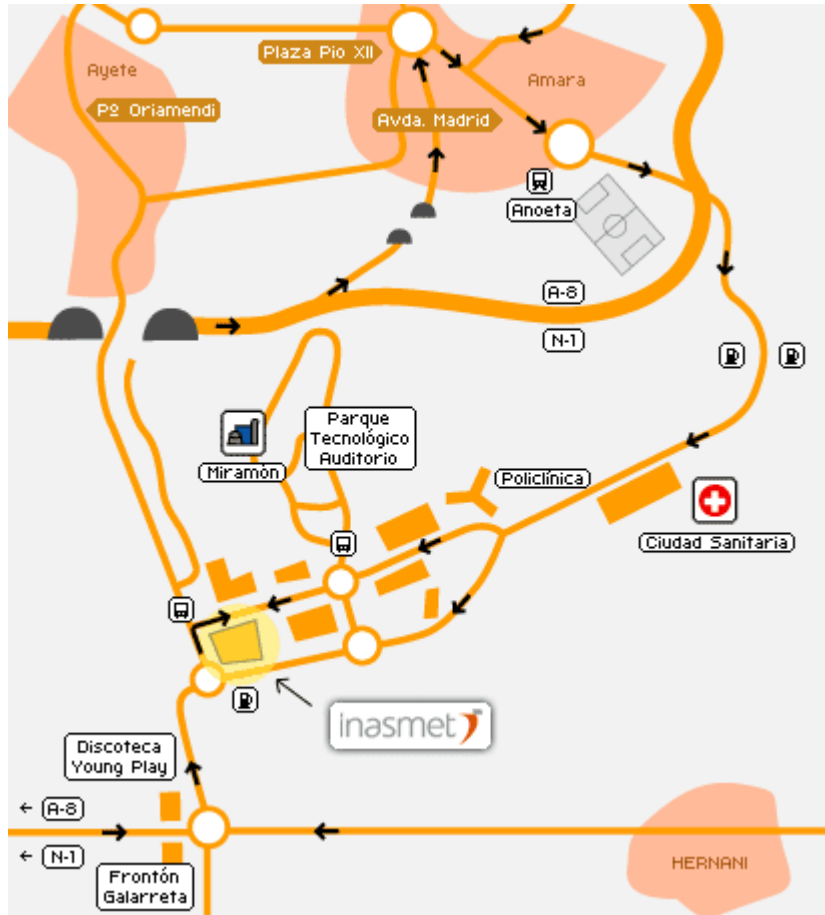

Transfers:

Different possibilities of how to arrive to San Sebastián, are available in the web site: www.sansebastianturismo.com

Location maps:

By bus:

In Donostia-San Sebastián, to get to INASMET

INASMET is in the Miramón Technological Park, close to the Guipuzcoa Hospital and Polyclinic complex.

There are several local bus routes:

- 35 ANTIGUO-HOSPITALS: Connects the Antiguó neighbourhood with the Hospitals, serving the Oriamendi-Miramón area. Buses run every 50 minutes (working days and holidays).
- 31 AIETE-HOSPITALS: Buses run every 45 minutes (working days and holidays) and stop in the Miramón Technological Park.
- 28 AMARA-C. SANITARIA: The number of buses has increased and they run to the Miramón Technological Park every 15 minutes.

For more information:
